Mobile Coach Blood Donor Lounges

- ASI's Mobile and Economy Coach lounges are built to provide lasting quality and versatility; essential requirements for mobile donor coaches.
- Aisle facing armrest mounts and the ability to adjust lounges for right or left arm draws, allows for greater efficiency and flexibility from the same lounge. Mobile coach lounges now come with two unique armrest options that provide better patient comfort, while conserving aisle space.
- ASI is able to provide specialized and customized top-of-the-line chairs to meet any coach specifications.

Mobile Coach

The Mobile Coach provides the best quality and versatility for your Mobile Coach needs. The aisle facing armrest mounts allow greater flexibility with either right or left hand draws from the same lounge and is equipped with convenient center mounted power switch. The mobile coach lounge is an excellent choice to meet your mobile Apheresis, Blood Collection needs.

Features

- Interchangeable head & footrest allows left or right procedures
- Adjustable armrest mounts
- Linear actuator motor provides lasting and reliable service
- Easy to clean seamless cushions (removable or replaceable)
- Ergonomically designed with staff AND donor in mind
- Superior tear strength fabric that resists scuffs and scrapes
- 20" or 24" width available
- Antimicrobial fabric
- Rated up to 650 lbs
- Electric or Manual versions available
- 14 available colors

Logo Your Donor Lounge

Heighten the awareness of your brand by including your corporate logo on your donor lounge. Logo's can be placed on one or two cushions (head and foot) or on the flat pillow.

Flexibility for Right and Left Draws

ASI Donor Lounges provide flexibility for donors by providing the option for right or left arm draws, allowing you to more efficiently use your coach space. Donors with preferences no longer have to wait for a right or left draw lounge.

Position for right arm draw

Armrests and cushions can quickly be adjusted to accomodate right or left draws

Position for left arm draw
